

PHOENIX CONTAINER

YOUR PARTNER IN METAL PAILS

Only **PHOENIX CONTAINER** continues to invest in state of the art technology to make the best quality metal containers. **PHOENIX CONTAINER'S** modern wire welder includes a weld monitor to reject potential leakers before reaching the assembly process. This approach is a significant departure from the rest of the domestic industry that retrofits 50 year old welders engineered before the use of computers.

PHOENIX CONTAINER manufactures steel pails ranging in size from 1.5 gallon up to 7.5 gallon in the largest manufacturing facility dedicated to steel pails. Various styles and fittings are available. **PHOENIX CONTAINER** ships steel pails all over the US and Canada. **EXPERIENCE THE DIFFERENCE!**
